

# Thank YOU!

The impact of the COVID-19 pandemic can be seen everywhere - including in our stores and at home. We know it hasn't been easy adjusting to our new normal. We want to say a huge **THANK YOU** for continuing to safely serve our customers in our communities.

## Take control of your savings

While the pandemic may have you feeling unsure about your finances, remember that you are in control of your savings.

### COMPLETE THESE SIMPLE TASKS

#### Check your risk profile.

Are you invested the way you should be? It only takes a few minutes to complete the Asset Allocation tool at [mysunlife.ca](https://mysunlife.ca). Your comfort with risk will change over time and your investments should change to match it.

**Feeling anxious about your investment choices?** Chat with a trusted financial planner to get advice and build a strategy. Find one near you at [fpcanada.ca/findaplanner](https://fpcanada.ca/findaplanner).

 Use money from your Savings Award account to pay for this service!

#### Consider what you're saving for.

You have two accounts - **Growth** and **Savings**.

Your **Growth Award** account is meant for retirement, so you've got a longer time to grow your savings.

 This also means you can invest more aggressively since you have time to weather ups and downs in the market.

Your **Savings Award** account could be for retirement, or a shorter-term goal - like saving for a house, or paying off student debt.

 If you need to use this money sooner than later, you'll likely invest differently than you would for your Growth Award account.

#### Take a deep breath.

Ups and downs in the market are normal. Stay focused and don't lose sight of your goal: *getting what you want from your savings.*

Are you doing everything you can to drive your savings?
